## Horse Facilities

There is a productive, 10 acre irrigated field to the west of the house; the rest of the land has some slope to it and is primarily to the east of the house. There is a nice riding arena that is made of portable panels on a flat area below the house.

The barn and corral system is designed to accommodate a small horse or cattle operation. The barn has two nice horse stalls plus feed storage areas, a tack room, and an open-faced shed for livestock protection. There is also a round pen and additional corrals. The corrals are divided into several smaller pens. There is a waterer in the corral and frost-free hydrants around the property for additional water sources.

## Peaceful Location Near Billings

The property is located about 20 miles east of Billings, Montana via I94 (take the Pomeys Pillar exit) and then one and a half miles on a paved county road to the ranch. Billings is the largest city in Montana. The city offers great shopping, banking, entertainment, plus an international airport.

The Huntley Project School (K-12) is a short distance away with high quality education and excellent extra curricular programs.

You can see the Pompeys Pillar National Monument from the property. It is the only place on the entire Lewis & Clark exploration route that there is physical evidence of the Expedition. Clark carved his name in the sand rock face of the monument.
